We Love Our DoubleTree RV...

Just a note to express how happy we are with our new Mobile Suites 36TK3. We had a great tour at the DoubleTree RV Factory. It was very informative and friendly. We purchased our unit in April of 2007 and it's the first trailer we have owned that's been trouble free - been camping all summer. It's very comfortable and we've received many compliments on it. We would recommend this unit to anyone.

Bob and Lou in Ontario Canada

I felt compelled to write and express my appreciation for my 2006 Elite Suites 36TK3. My wife and I tow with a 2006 Dodge one-ton truck and our fifth wheel is equipped with the TrailAir Air Pin Box and Center Point Suspension, it tows like a dream. We chose the Elite Suites because of the attention to detail and design. We so enjoy the comfortable floorplan and quality amenities, we feel like we are home. When we arrive at our destination we feel great and are excited to stay in such luxury.

Dale and Wanda in Columbia, MO

We have lived full-time in our Mobile Suites 36TK3 coach for just over two years and have thoroughly enjoyed the home-like amenities in our home on wheels. The "R" values have made for exceptional comfort in both summer and winter. "Dollar for Dollar" we don't think there is a better fifth wheel currently on the market.

Ron in Granbury, TX

Greetings from my rolling condominium that I call the Snaffle Shack. I continue to be impressed with the construction and design of my Mobile Suites unit. As a AQHA horse show enthusiast I really appreciate the ease of set-up and as a non-mechanical person, except for periodic maintenance, my unit has proven to be hassle free. When we're on the show grounds all day, it's wonderful to know we can always retreat to the convenience and restful comforts of our Mobile Suites coach.

Allen in North Carolina

My Mobile Suites defines the highest standards of RV travel, designed with sufficient storage, for the full-timer as well as the weekender. Comfort combined with beautiful appointments contribute to the homelike atmosphere of my Mobile Suites 36CK3. With the many standard package items included, I would consider this to be the best RV available today.

DoubleTree RV - Howe, Indiana

When DoubleTree RV began building Mobile Suites, they used a simple philosophy: find out what the consumers want and exceed their expectations. Attention to detail starts from the ground up.

From the heavy duty framework, three extra large holding tanks and 3 1/4" R13 wall framing to the incredibly convenient access to all mechanicals and electronics, DoubleTree RV fifth wheels continue to set the standard for the industry. The 2008 models are exactly what the name says... *suites*. And the best part is, they are built for you.
