Destination
freedom.

Mobile Suites

41 FKMB

Luxury from the word go.

Since 2003, DRV Luxury Suites have been the fifth wheels you long for, aspire to, and put at the top of your “someday” list. How do we do it? We begin by listening to you, our customers. Then we go to extreme lengths to give you everything you want in a high-end fifth wheel or luxury asset hauler — uncompromising quality, residential construction, luxurious appointments, no-excuses customer service, and the kind of four-season comfort that makes full-timing the time of your life.

When you choose DRV, you’re not just buying another luxury fifth wheel. You’re moving up to a true home on the road — one that will keep you safe, protected and worry-free, no matter where the next adventure leads. Now that you’re ready to relax and enjoy life, choose the luxury coach that cries freedom every step of the way.

41 FKMB - Irish Cream Cabinets
with Moonstone Décor
and Slate Furniture

Destination anywhere.

The Mobile Suites is the foundation of DRV. It offers the comforts of home, including the conveniences of a residential kitchen, a master suite complete with a king sized bed and large bathroom, full washer and dryer connections in every floor plan, and the peace of mind that comes from knowing you've chosen the best construction available.

43 MANHATTAN - Hazelnut Cabinets
with Affinity Décor, Slate Furniture
and Optional Hardwood Valances

Room to live.

The 43 Manhattan showcases a gourmet kitchen with upgraded amenities that include a stainless steel residential refrigerator with matching convection oven, microwave oven, and residential style gas oven. The Manhattan boasts two large pantry cabinets, and a hidden spice rack, keeping function and space at the fore front without compromising beauty.

This floor plan also features our standard dinette that can be set in three different lengths to accommodate guests or a home office.

Mobile Suites

43 MANHATTAN

The 43 Manhattan shows off its space with the addition of a large bunkroom and full second bath, thoughtfully placed, providing extra privacy. This floor plan also features a grand staircase that leads to the master bedroom, bathroom, linen cabinet, and large washer/dryer closet. The dedicated laundry area allows for multipurpose storage and workspace should a washer and dryer not be needed.

41 RKDB - Columbian Maple Cabinets
with Moonstone Décor
and Cashmere Furniture

A home that feels like you.

You expect the ultimate in form, function, and design. By listening to our customers support and feedback we have taken our Mobile Suites to a new level.

The 41 RKDB was designed on customer feedback. This floor plan features a large rear kitchen, conversational lounge seating for 6, large entertainment center, and a full half bath, keeping the master suite private when guests visit.

Mobile Suites

41 RKDB

With DRV... you can have more.

Every model features a 20 cubic foot residential refrigerator, residential style gas oven, stainless steel dishwasher, convection microwave, soft-close drawer guides, hand laid luxury vinyl plank flooring throughout the main floor and upper deck, and a custom tile backsplash on solid surface countertops.

You will find king beds standard in most floor plans. The bedrooms also feature full underbed storage, which is perfect for our full-timers as they travel into different weather seasons. All master retreats provide nightstands, over the bed shelving, and independently controlled reading lights on each side of the bed.

39 DBRS3 - Hazelnut Cabinets
with Affinity Décor
and Pebble Furniture

It's in the details.

Engineered for dependability and lasting beauty, your Mobile Suite will be every bit as sophisticated as you are. Loaded with all the amenities of your home our industry envied 15" box tube frame means your new home on wheels is built strong to protect your investment and personal belongings.

The structural foundation isn't the only detail we focus on. The 3 1/4" thick insulated sidewalls protect you from whatever climate you travel to. Giving you peace of mind and true freedom knowing the details are covered.

Mobile Suites

39 DBRS3

The 39 DBRS3 checks all the boxes. Featuring a large residential kitchen, full dining, and entertaining space, half bath, and large master suite all for 41'.

Every Mobile Suite living room is completed with a 55" smart TV, fireplace, day/night roller shades, accent lighting, and residential furniture.

Never compromise on amenities even when a shorter floor plan is desired. Travel to all your destinations easier.

The foundation of true freedom.

If there's one thing we've learned after all these years on the road, it's this: People choose DRV Luxury Suites because they're ready to *enjoy* life. They don't want to spend their time worrying about things like quality, construction and service. Which is why we put so much thought into them in the first place. Every DRV product is built to *last* — with our unique triple-stacked box tube frame, the thickest sidewalls in the industry, screwed and glued aluminum framing for unshakable stability, and dozens of no-excuses features that'll keep you safe, comfortable and worry-free, even when Mother Nature's at her worst.

Structure

Custom engineered and tested 15" triple steel box tube chassis. Super strong foundation to build a lasting, high quality fifth wheel.

All-weather heavy duty aluminum floor system. The floor is screwed and bolted together and will not rot over time. We also refuse to use staples which eventually work up through the floor covering.

R-29 insulated frame floor system with three weather barriers. Warm floors for extended or full-time use; keep out condensation.

Technology

New state-of-the-art Level-Up™ leveling system and industrial hydraulic system. Level your coach with the push of a button.

New automotive style Kodiak® disc brakes. Limited lifetime warranty; smoother stopping; shorter stopping distance; low maintenance cost.

Heavy duty Goodyear® H-rated 17.5" tires and aluminum eight-bolt wheels. Heavier load capacity. Special tread pattern to dissipate heat. Tires are regroovable for miles and miles of safe use. Wheels are lightweight and will not rust.

SeeLevel tank monitoring system. Uses sonar to provide instant and accurate readings of all tanks.

At DRV Luxury Suites, we build each fifth wheel the same way we'd build our own home. And we appoint it with the finest luxury features available — lush homelike furnishings, cedar-lined closets and fireplaces, large French door refrigerators, stainless steel appliances, top-of-the-line electronics and more. Then we back it up with the best quality control and customer service in the industry. Every single coach is tested before it ever leaves the factory. And, if you should someday have a problem, rest assured, we'll get it fixed. No matter where you are. Day or night.

Livability

Screwed and glued construction. Solid; 16" o.c. stud spacing.

3.25" aluminum framed walls with R-16 insulated rating. Exclusive foam core vapor barrier. Lightweight; lower heating and cooling cost; noise reduction; eliminates chance of condensation.

Radiused aluminum roof rafters on 16" centers. More space; more insulation; improved water run-off; maximum load capacity per square foot.

R-25 insulated roof system with plywood and rubber or fiberglass covering. Improved weather barrier; sound deadening; low maintenance; lower heating and cooling costs.

Soft touch interior ceiling. Sound proofing; easy to clean; extra insulation.

Refinements

Conveniently located wall switches control all lighting. Fingertip control of all task and decorative lighting.

Overhead LED room lighting on dimmer switches. Personal light control.

Designer raised panel cabinet doors and soft close drawers. Optimal storage; residential look; residential function.

NOTE: Some features shown are exclusive to specific makes and models. Please review the complete Standards and Options list for availability.

Reliability

- High pressure hydraulic lines with metal fittings
- Individual push-button slide room controls
- Industrial stabilizer jacks located and wind tested to provide maximum stability
- Heavy gauge UL copper wiring
- Residential copper water manifold
- Reliable LED lights
- Convenient lights at all exterior service locations
- Gel coat fiberglass walls and exterior doors
- Plywood roof decking
- Extra sound proofing in floor, walls and roof
- Ultra quiet ducted lo-pro A/Cs
- Automotive disc brakes
- Furnace return air replaceable filter
- Oversized basement storage doors with gas lift cylinders
- Custom painted exterior graphics
- Tough-skin, specially coated rock guard

Stacked triple-tube steel frame for 15" of maximum strength; the largest foundation on any fifth wheel in the industry.

Pinless hydraulic jacks are mounted at a 5-degree angle for maximum stability.

Commercial hydraulic rack & pinion slide-outs. All gear boxes are located inside the frame for the ultimate weather protection.

Residentially hung sidewalls are carriage-bolted into the floor for solid construction and superior strength.

R-16 residential insulation completely surrounds all of our walls and slides. Best insulation in the industry and eco-friendly!

Solid Box Steel Frame

The foundation is the most important part of your home. It needs to be strong, reliable and able to last the test of time. DRV's custom-engineered 15" triple box tube frame measures 101" wide - the largest, most rigid fifth wheel frame in the industry. This design eliminates flex around the pin box and allows us to frame even the upper deck with steel to open up the storage compartment, providing you with space to fit all your personal belongings.

DRV 6-Jack Level-Up System

Designed by DRV, our 6-jack level-up system provides quick and easy leveling and the strength to stabilize the coach when set up.

Our 3 1/4" walls are the thickest in the industry, giving you maximum insulation from noise and weather. The exclusive foam core vapor barrier eliminates condensation.

MORryde® I.S. Suspension eliminates the axle and leaf springs, allowing each tire to work independently. With 5 1/2" of travel per assembly, MORryde® I.S. will absorb road shock and protect your home for its lifetime.

Commercial E-Z Lube® hubs surrounded by 8 large 5/8" stud bolts and standard automotive disc brakes round out the safety features of every DRV unit.

Heavy-duty 17.5" Goodyear® tires provide increased load capacity while staying cool on long hauls. We use truck tires, not RV tires, to ensure better performance and peace of mind.

A copper water manifold comes standard, ensuring equal water pressure throughout your home. And each water line is clearly labeled and has its own shut-off valve, allowing you to isolate a single line without shutting off water to the rest of your home.

- Fresh Tank - 100 gal.
- Gray Tank - 75 gal.
- Black Tank - 50 gal.
- SeeLevel Tank Monitor
- Hot Water Heater - 12 gal.
- Goodyear 17 1/2" H+Rated Tires
- Automotive Disc Brakes
